

Cheese, Meat & Fish

NOW AVAILABLE! CHEESE & MEAT CROSS DOCK PROGRAM

Peters Imports enjoys a proud Dutch heritage. We've been selling cheese from Holland, The Netherlands since 1976. We understand the need for proper handling of perishable and other delicate items. Over the next several pages you will find both shelf stable and refrigerated cheese selections that we inventory all year round.

Many of our customers are acquainted with the world's finest cheese and meats from The Cheese Works Ltd. of New Jersey and California, but their minimum order weight is often too cost prohibitive for small businesses. So, in late 2007, Peters Imports began a cross-dock program with The Cheese Works, primarily for Michigan customers. Because it worked so well, we are prepared to offer this exciting program to ALL customers. You may now place an order for any perishable items (excluding seafood or frozen) from The Cheese Works catalog with your Peters Imports order!

HOW DOES THE PROGRAM WORK?

- Access The Cheese Works price list (organized by country) by clicking on INFORMATION link on our website, www.petersimports.com or contact Customer Service (800-541-8267).
- Place your The Cheese Works orders with Peters Imports by 4:00 pm on Tuesdays (fax, phone, mail or email only).
- We receive our The Cheese Works order almost every Monday.
- We combine your Peters Imports and The Cheese Works orders and calculate freight minimums based on the combined total (see shipping chart on back page of this catalog).
- You receive one invoice from Peters Imports and we ship directly to you.
- For customers outside our delivery truck radius, this program is for pallet sized orders only, and is shipped temperature controlled.

With some planning on your part, you now have access to thousands of Peters Imports products AND another 2,000 The Cheese Works products, potentially reducing shipping costs and lowering minimum orders from two companies! This could be a 2-week cycle (depending on where you are) so order placement timing is sensitive. This is just one way Peters Imports shows we are committed to serving our customers.
